

## Making A Difference

### Jessica Kuball- RN Case Manager

I grew up at my family's resort on a lake with my first job being at a dairy farm. I went to college originally for Early childhood followed by being an in-home daycare provider for 8 years. Following that, I went back to school for my RN degree where I immediately specialized in pediatrics, which I loved. I decided to branch out a bit and have since worked on med surg, OB, Hospice, and now in my current position. I started working in Halstad on Dec. 1<sup>st</sup>, 2022 and have loved every bit of it. I enjoy getting to know the residents as well as their families and working to make sure we meet their needs while they are living with us.

The staff and residents are all so nice and welcoming. This is by far the best environment I have ever worked in as I feel at home here. I grew up in the tiny town of Vergas, and Halstad gives me the same feels, small towns are simply the best! I also really enjoy having the time in my day to visit with the residents just to visit. Those little conversations and connections seem to make their day as well as mine. This is a very rewarding position, and I am very thankful to have the opportunity to serve our residents to the best of my abilities.

I have been married to Mark Kuball for 5 years now. He was born and raised in the area, graduating from Borup High School, which is what brought me to this neck of the woods from the lake area. When we got married he brought 3 kids into my life who are a blessing. The two oldest girls are both currently in nursing school and the younger of them is a sophomore in Ada who enjoys football and baseball. We were blessed with our son, Ty, in 2021 who gets to come to work with mom everyday to go to his daycare. He loves seeing all the residents before and after daycare, charming them with his smile. We are looking forward to the birth of our little girl coming up at the end of March who will also become part of the Halstad Living Center Family as she too will get to come with mom to work for daycare.

As for pets, I have 2 golden retrievers, Annie and Sadie, who are mother and daughter. I have raised several litters of puppies and hope to do more in the future once we are done having our own babies. I also have a Missouri Fox Trotter horse named Roxy. As a family we enjoy spending time at the lake camping, boating, going to races, concerts, watching football, hockey, baseball, playing cards, and about anything else social, especially outdoors. Family time is the best time!

*"Sometimes I inspire my patients; most often they inspire me" -Unknown*

*"The best way to find yourself is to lose yourself in the service of others"- Ghandi*  
*"May your scrubs be comfy, your coffee be strong, and your Monday be short!"*

Carnival

February 16-21

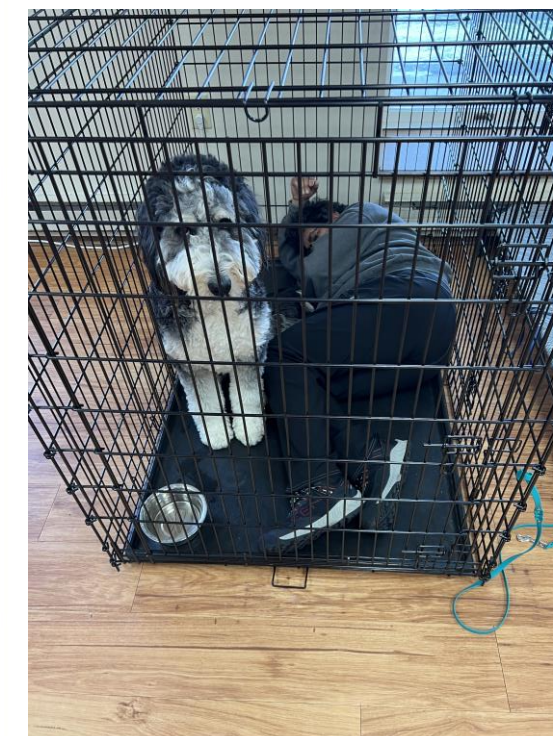

Presidents' Day (U.S.)

February 20

Mardi Gras

February 21

Sonia had told us from day one when Gus started coming to work with Carla every day, that she was going to take a nap in his kennel. Well look at what we found; her dream came true! It is never a dull moment around here.

## Blind Snowman Drawing...

This was an absolute hit!  
They were literally crying, they were  
laughing so hard, we even had staff  
join in on the fun!
